

GLM Lasermeßtechnik GmbH – Accessories

Accessories

Shows the target case from GLM

In industrial measurement, conventional accessories from classical surveying are usually not sufficient.

In order to achieve high accuracies with short measuring times, various accessories are available:

- [Magnetic Targets](#)
- [Prisms, prism rods and pole stands](#)
- [Spherical Reflectors](#)
- [Spherical Reflector Accessories](#)
- [Reflective Sheet Targets](#)
- [Adapter for eccentric 3D measurement](#)
- [Setting out adapter](#)
- [Adapter for relocation](#)
- [Adapter for boreholes](#)
- [Levelling-staff](#)
- [Cross Tables](#)
- [Diagonal Eyepiece](#)
- [Tripods](#)
- [more accessories](#)
